BEDLIFTER

Lifting Made Easy

**New
Ergonomic
System that
replaces the
Conventional
Bed Base**

Lifting Made Easy

You can now make housekeeping duties more efficient and safe with Forbes' BedLifter. Our ergonomic system works on special calibrated gas pistons which adapts to individual mattress weight and is suitable for all mattress type. The castors not only enable a double bed to split into two singles providing versatility to your guest's accommodation, they also allow cleaning of the floor to be done without any hassle.

DID YOU KNOW?!

Housekeeping staffs suffer 85% higher risk of injury. We now have the perfect solution for making beds in standing position, reducing or avoiding bending which causes lower back injuries.
